

Steam Plant System Engineering

Client: ISGEC Heavy Engineering, Noida

Project: Cosumar, Sunabel, Morocco

Scope Of Work: Entire piping engineering of complete steam plant system of a 85 TPH traveling grate fired boiler up to steam turbine covering

- 3D Modeling**
- Layout extraction**
- ISO drawing generation**
- Stress analysis**
- Pipe Supports drawing**
- Fabrication drawings**
- Erection drawings**
- IBR calculations**
- Insulation Calculation and details**
- Painting schedule**
