

Plant visit & study of existing systems of 1x130 TPH CFB Boiler

Client: BMM Ispat

Project: BMM Ispat, Hospet, Bellary, Karnataka

Scope Of Work:

- Studying the issues associated with the non-performance of existing Rotary ash coolers & ash conveying systems
- Suggested engineering for modification of the Furnace to Rotary ash cooler inlet chute to establish continuous smooth flow of ash

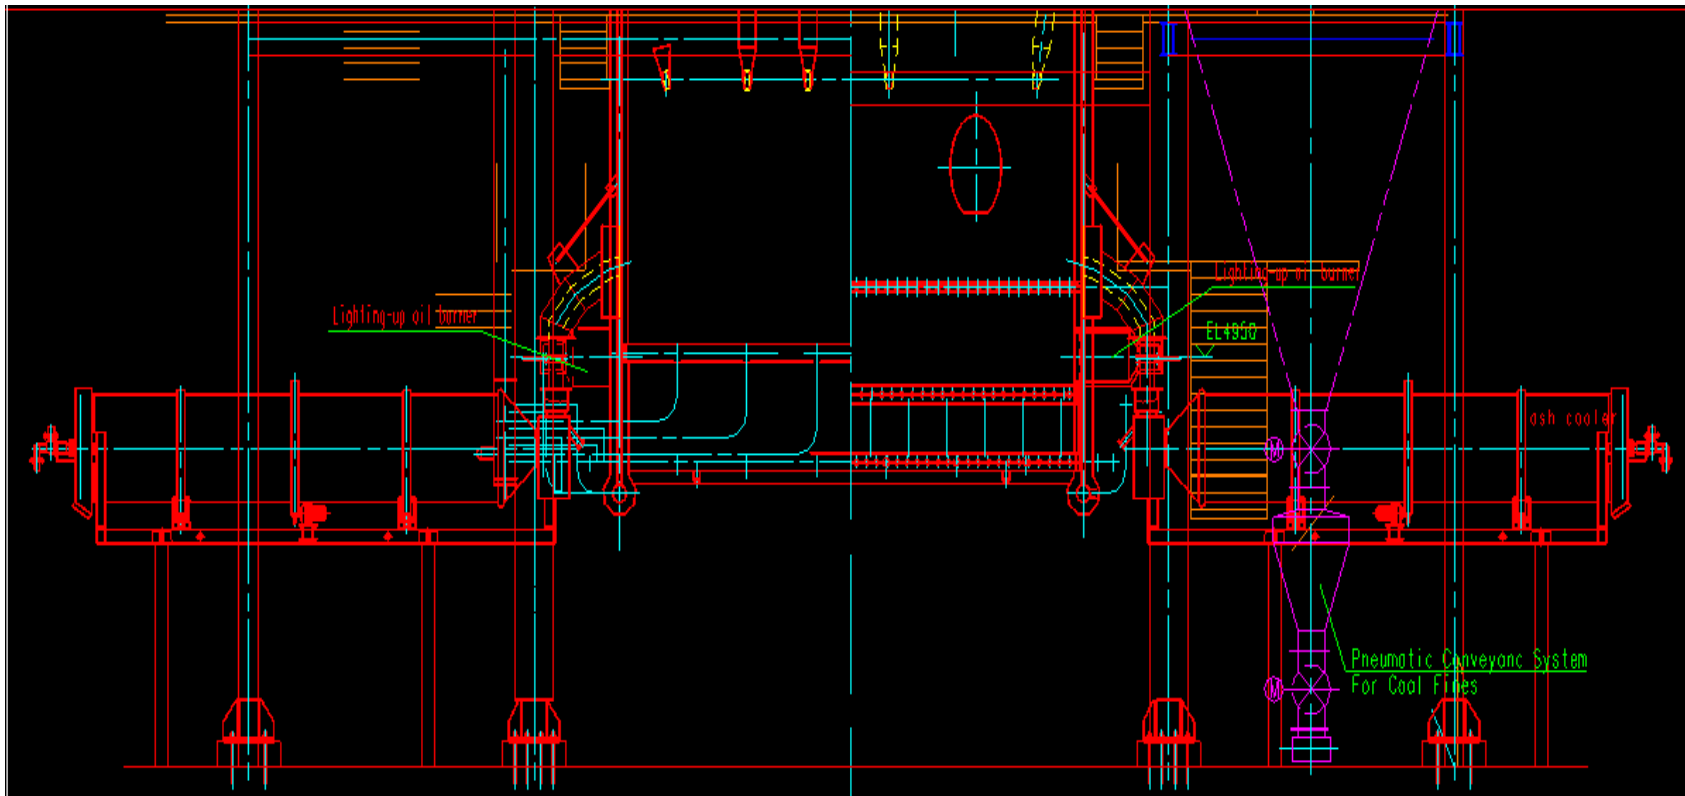

Existing CFB Boiler Rotary Ash cooler System Inlet
